CSCI 3308-015 Team 6 Meeting Notes

TA Meeting 3:

- Functional Navigation bar task on project board needs to have description updated
  - Everything else was fine
- Release notes are fine
- Meeting notes are fine
- Some branches not merged to main

i. Decisions Made: Price tracking should be done when a user logs in, all of the items they are tracking should have prices updated.

ii. Alternative Actions/Options discussed: Progress has been better, keep work on development.

iii. Follow up items: Get notifications page running, create last set of release notes, book appointment slot. Fix the card sizes on the discover page and fix the footer size. Work on any final stylistic changes.
